

Susan E. Hoover MD, Ph.D.

Dr. Susan Hoover is the chair of the policy and advocacy committee for Immunize South Dakota, where she is responsible for activities related to legislative action, public policy, and advocacy around vaccines.

In addition to her role with ISD, Susan is an infectious disease physician and medical director of infection control at Sanford Health in Sioux Falls. She is a graduate of the University of Colorado. Susan joined ISD because she thinks immunization is one of our best tools to protect the health of children, adults, elders, and the community as a whole.
