

Terese Kenner, LPN

Terese Kenner is the treasurer for Immunize South Dakota where she oversees financial details and grant management. She also sits on the advocacy taskforce, and the conference planning and website development committees.

In addition to her role with ISD, Terese is a board member for the nursing program at Southeast Technical College. She also volunteers as an associate chaplain at the county jail and the South Dakota Women's Prison. Terese has almost 30 years of experience administering vaccinations as a nurse. Additionally, she helped start a nurse-led travel clinic that immunized persons going overseas to protect them from vaccine preventable diseases. She considers helping people through education to access immunizations an honor.

Terese attended Red Wing Technology College where she earned her licensed practical nurse (LPN) certificate. She also graduated from Accelerated Bible College with an Associate of Biblical Studies. In her spare time, she enjoys gardening, signing, playing the banjo, and spending time with her grandchildren.
